**Erratum: “Predicted Methane Emission on the East Siberian Shelf”  
[Doklady Earth Sciences 430, 190 (2010)]**

**N. E. Shakhova<sup>a, b</sup>, V. A. Alekseev<sup>b</sup>, and I. P. Semiletov<sup>a, b</sup>**

Presented by Academician G.S. Golitsyn August 6, 2009

Received August 10, 2009

**DOI:** 10.1134/S1028334X1310019X

The sentence on page 190, left column 1, line 10 from the top should read as follows:

Here we show, that gradual increase in emission by 5% per year, in 50 years should result in an annual methane emission of 50 Tg.
