Received May 2, 2005

PACS numbers: 99.10.Cd

DOI: 10.1134/S1054660X06060156

- (1) On p. 447 (left column, line 9 from the bottom), Hassan should read Hasson.
- (2) On p. 448 (Fig. 1), OSG should read OSC.
- (3) On p. 449 (Fig. 4, curve *a*), $g_0 = 2.63 \text{ cm}^{-1}$ should read $g_0 = 0.263 \text{ cm}^{-1}$.
- (4) On p. 449 (right column, line 3 from the bottom), *flows slowly form the top* should read *flows slowly from the top*.
- (5) On p. 451 (Fig. 8, curve *a*), $g_0 = 0292 \text{ cm}^{-1}$ should read $g_0 = 0.292 \text{ cm}^{-1}$.
- (6) On p. 451 (table), P_{ATM} (Torr) should read P_{AMP} (Torr).
- (7) On p. 453, the eighth line above REFERENCES should read *drastically reduces the laser parameters and the...*
