In the paper by I.F. Malov and E.B. Nikitina “Distribution of Regions of Emission at Different Frequencies in Pulsar Magnetospheres” (*Astronomy Reports*, 2012, vol. 56, No. 9, pp. 693–701), two misprints appear on p. 774. The last equation in the system (16) should read:

$$3 \sin^2 \theta_0 - 2A^2 \sin^4 \theta_0 / r_0^2 + 3 \cos^2 \theta_0 = r_{LC} / r_0.$$

and expression (19) should read:

$$A = \frac{93^{1/2} r_{LC} [(9 - \sin^2 \beta)^{1/2} - \cos \beta]^{1/2}}{2^{1/2} [\cos \beta (9 - \sin^2 \beta)^{1/2} + \sin^2 \beta] (9 - \sin^2 \beta)^{3/4}}. \quad (1)$$
