Page 249, left column, formula (1) should read as follows:

$$\frac{2l+1-\frac{2}{\pi}\delta_l}{2l+1-\frac{4}{\pi}\delta_l}\delta_l = -\frac{\pi}{2}\int_0^\infty U(r)J_{l+1/2-2\delta_l/\pi}^2(kr)rdr. \quad (1)$$

Page 249, left column, line 6 from bottom, should read as follows:

$l + 1/2 - 2\delta_l/\pi$.
