DOI: 10.1134/S1064562408020427

In my paper “On Existence Conditions for Sequences Uniformly Distributed with Respect to Voronoi’s Methods,” published in **76** (1), 494–496 (2007), a few errors were made in the formulas.

The first and second lines in formula (1) should be read as

$$w_n = W_n^{(q)}(s) := \frac{1}{Q_n} \sum_{k=0}^n q_k s_{n-k},$$

$$r_n = R_n^{(q)}(s) := \frac{1}{Q_n} \sum_{k=0}^n q_k s_k.$$
