DOI: 10.1134/S1022795412070162

Authors add in the end of “Introduction”: “Nucleotide sequence of the pea gene COCHLEATA was originally determined in the group of Pascal Ratet,

Institut des Sciences du Végétal, Gif sur Yvette, France (J.-M. Couzigou, V. Cosson, P. Ratet, unpublished data), and V.A. Zhukov.”
