The article title should be as follows: Comparative Study on the Extraction of Te(IV) from Various Aqueous Solutions Using Different Organic Diluents and Solvents (i.e., “Study of...” replaced by “Study on...”).

The radioactive Te isotope used was ^{123m}Te (not ^{127m}Te).

H_2SO_4 should be added to the fifth line in the first paragraph of p. 405, i.e.: $\text{HI} > \text{HBr} > \text{HCl} > \text{HNO}_3 > \text{H}_2\text{SO}_4$.

Fig. 1c should look as shown below, with data for nitrobenzene added (points 5).

In Fig. 5c, points 6 should refer to CHCl_3 , and points 7, to nitrobenzene.
