Instead the last formula $p(j_0^r \psi_x^{-1} \circ j_0^r \widetilde{\psi}_x) = j_0^r \text{id}_{\mathbb{R}^m}$ in the last but one sentence before Lemma 4 there is $p(j_0^r \psi_x^{-1} \circ j_0^r \widetilde{\psi}_x) \in G_A$.

In the last sentence of the proof of Lemma 4 there is $p_A(G_m^r)$ instead G_m^r .
