Retraction Note to: Eur. Phys. J. Plus (2019) 134: 357
<https://doi.org/10.1140/epjp/i2019-12755-2>

The Editor-in-Chief has retracted this article [1]. Concerns were raised regarding the validity and physical implications of Section 3, and after following investigation, it has been determined that the article is invalid. Additionally, Section 2 of the paper did not include appropriate reference to the previously published articles [2, 3].

The author does not agree to the retraction.
