<https://doi.org/10.1140/epjs/s11734-022-00687-3>

In the sentences beginning ‘To quantify the flow through the RP,...’ and ‘ $\mathbb{E}_{i,j}$ depends on the vicinity threshold...’ in this article, the symbol for lower case phi was displayed incorrectly as ‘ \mathbb{E} ’ when it should have been ‘ ϕ ’.

The surname of the second author of the first reference in the reference list was wrong and should have been Oświęcimka.

The original article has been corrected.
