# Correction: Influence of germicidal ultraviolet radiation UV-C on the quality of *Apiaceae* spices seeds

Reham M. Kamel<sup>1</sup>, Mohamed M. El-kholy<sup>1</sup>, Nermeen M. Tolba<sup>1</sup>, Alia Amer<sup>2</sup>, Ahmed Mohamed Eltarawy<sup>3</sup> and Liela M. Ali<sup>1\*</sup>

**Correction: Chemical and Biological Technologies in Agriculture (2022) 9:89**

<https://doi.org/10.1186/s40538-022-00358-4>

Following publication of the original article [1], the authors would like to add additional information to the acknowledgements section. The change has been highlighted in **bold typeface**.

## Acknowledgements

We sincerely thank Dr. Mohamed Abdel-Harith, Prof. at National Institute of Laser Enhanced Science, Cairo University, Egypt, for the language editing. And Dr. Hayam Attia Elsayy, a researcher in the Department of Seed Technology Research, Field Crops Research Institute, Agricultural Research Center (ARC), Giza, Egypt; for sharing her experience in enzyme activity clarification. **We would like to express our profound gratitude**

**to The Science, Technology and Innovation Funding Authority (STDF), Egypt, for their generous funding support, which made this research possible.**

The original article [1] has been corrected.

Published online: 22 November 2023
