ERRATUM TO: ANN SURG ONCOL (2013) 20:S590–S598 DOI 10.1245/S10434-013-3059-6

Figure 2b was incorrect in the original article. The correct figure is as follows:

FIG. 2 b Kaplan–Meier survival curves of lung cancer patients according to *NEDD4L* mRNA expression. Patients with low *NEDD4L* expression in tumors showed significantly shorter survival ($p = 0.0187$; log-rank test) than those with high *NEDD4L* expression in tumors
