New federal price transparency mandates allow for patients to compare prices across hospital systems before establishing care. This study (<https://doi.org/10.1245/>

[s10434-023-13520-5](https://doi.org/10.1245/s10434-023-13520-5)) evaluates the accessibility of pricing information for breast cancer surgery.

Tina Moon and Joshua Bloom contributed equally to the work.

Meeting presentation: This study was presented as a podium presentation at the 103rd New England Surgical Society Meeting on 18 September 2022 in Boston, MA.
