

## ERRATUM

The following change should be noted for the Article entitled “Persistence of TGF- $\beta$ 1 Induction of Increased Fibroblast Contractility” that was published in *In Vitro Cellular and Developmental Biology—Animal*, Volume 37, No. 3, March 2001, pages 193–201.

All references to TGF- $\beta$  amounts should be read as picomolar (pM), not nanomolar (nM).
