

Erratum

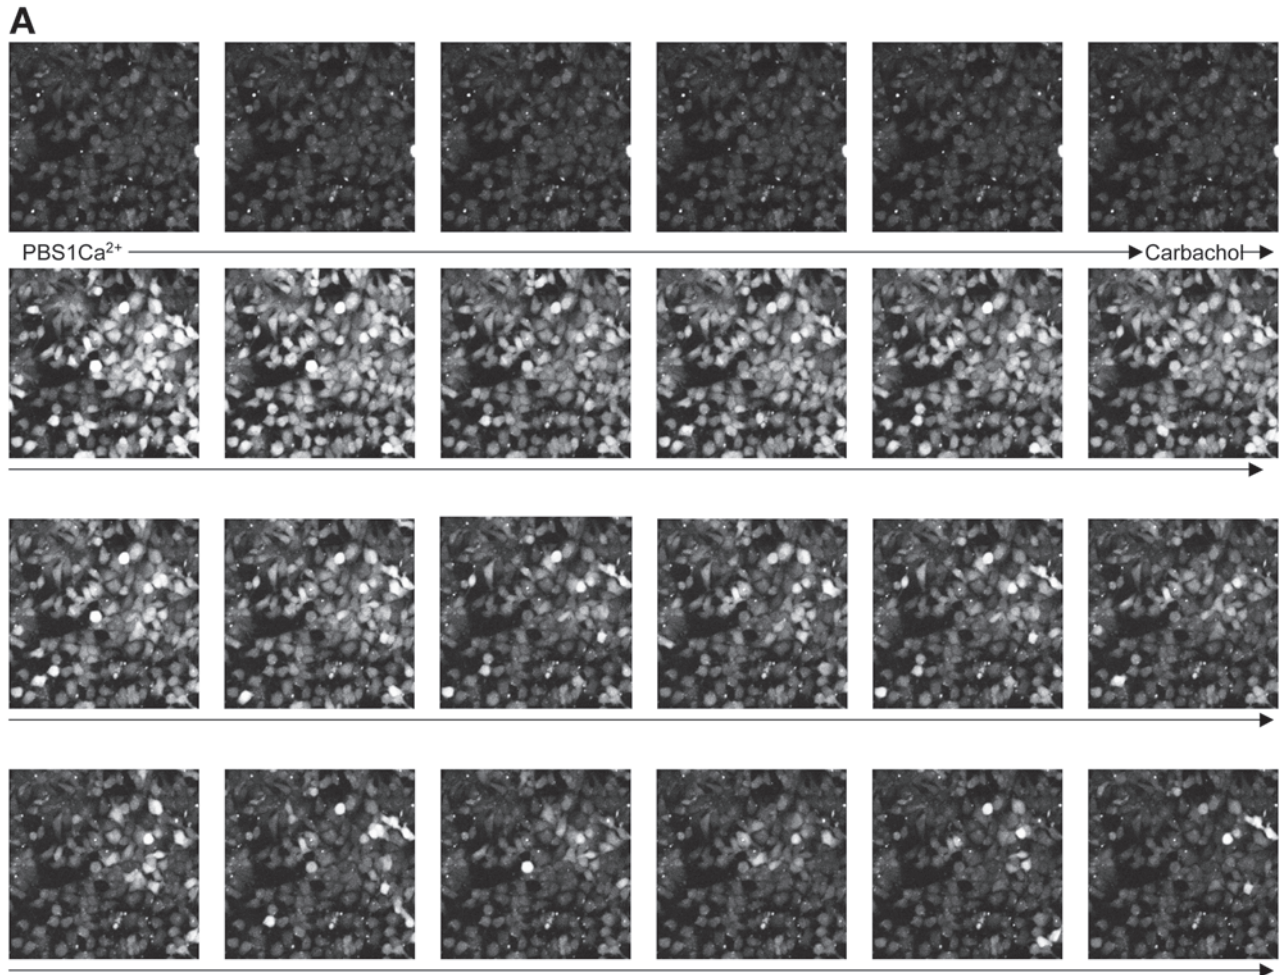

This correction is in reference to the following article, which appeared on pages 187–203 of Volume 44, Number 2 of *Cell Biochemistry and Biophysics*:

Differential Regulation of Intracellular Calcium Oscillations by Mitochondria and Gap Junctions
Bin-Xian Zhang, Xiuye Ma, Zhenju Shu, Chih-Ko Yeh, Russell H. Swerdlow, and Michael S. Katz

The appendix appearing in this article on page 202 was incomplete. Included here is the complete appendix, which corresponds with Fig. 4 of the original article.

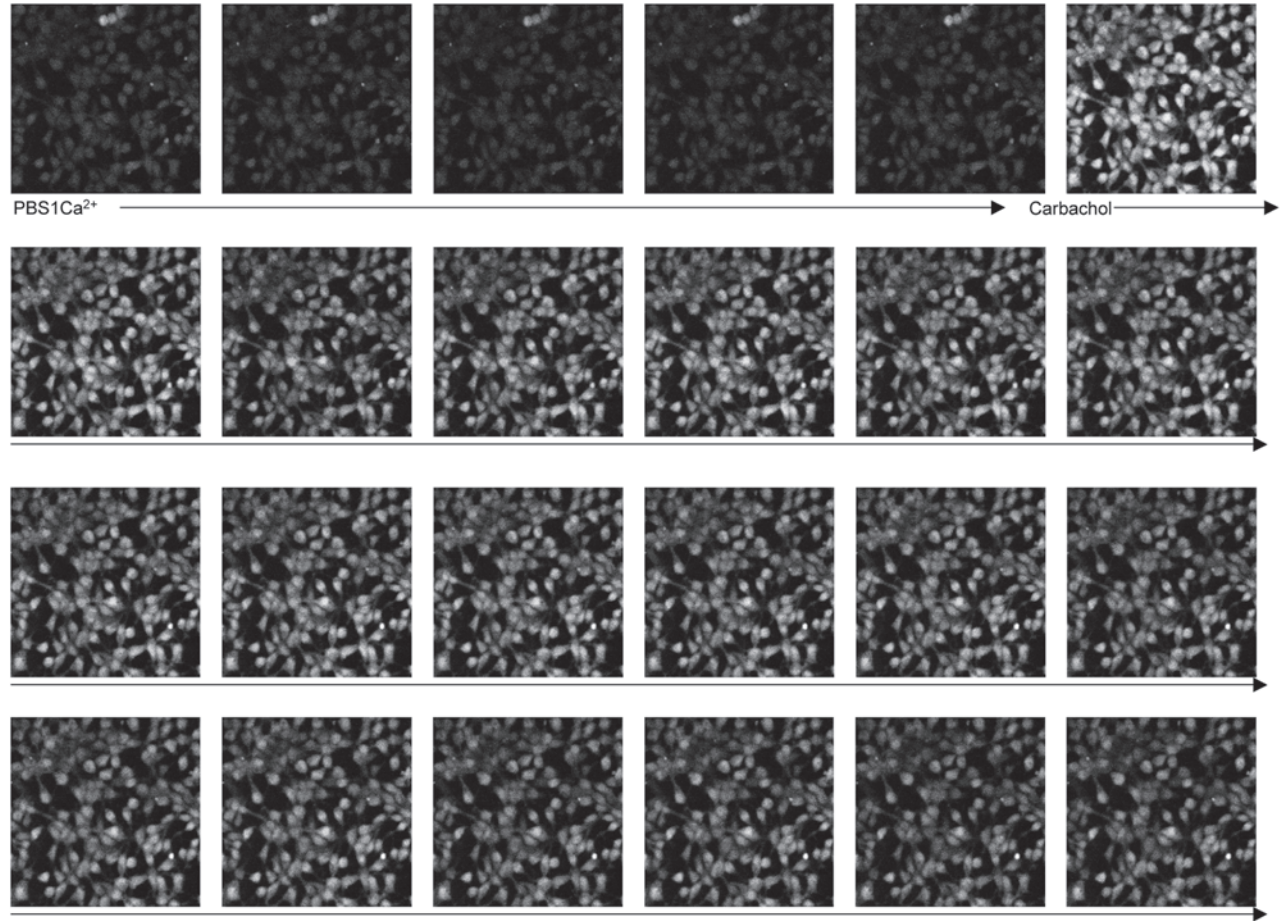

Appendix

Images of individual $[Ca^{2+}]_i$ oscillations corresponding to the data presented in Fig. 4 are shown in **A–D**. **(A)** Carbachol-induced, unsynchronized $[Ca^{2+}]_i$ oscillations in control NT2 cells. **(B)** Transient increase in $[Ca^{2+}]_i$ induced by carbachol in mitochondrial DNA-depleted $\rho 0$ NT2 cells. **(C,D)** Tg-induced, synchronized $[Ca^{2+}]_i$ oscillations in control cells and mitochondrial DNA-depleted $\rho 0$ NT2 cells, respectively. All data were acquired at the rate of one image/10 s.

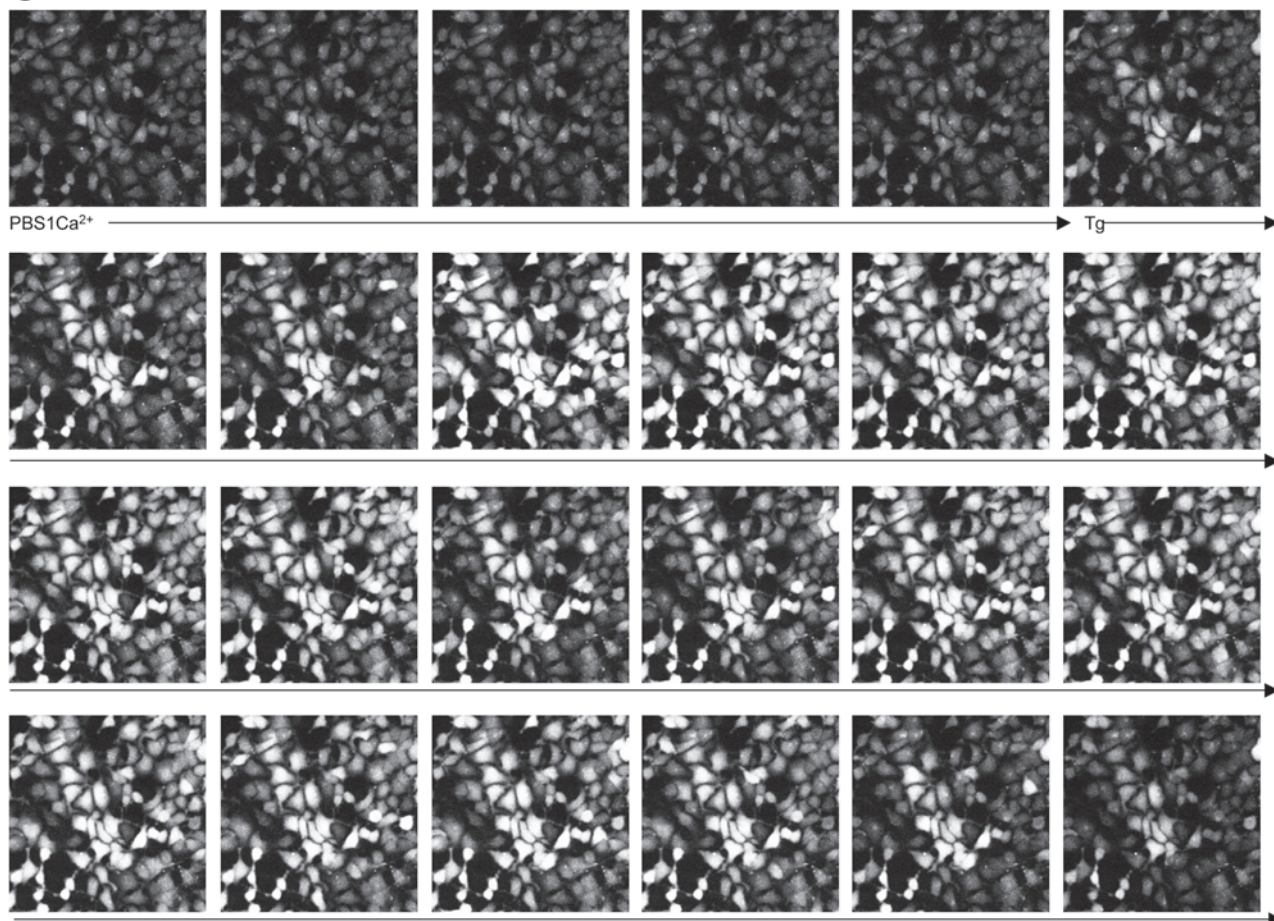

The images continue on the following three pages.

B

C
