STABLE ISOTOPES for Research and Industry

NMR Interlab Inc. offers the world's largest inventory of stable isotopes from Russian producers.

- NMR Solvents & Reagents
- Metal Stable Isotopes
- Noble Gas Isotopes
- Cyclotron Target Materials

Graduate Student Awards 1992 MRS Fall Meeting

Eligibility: To qualify for an MRS Graduate Student Award given during the 1992 MRS Fall Meeting, the applicant must be a registered graduate student whose thesis research closely relates to one of the symposium topics addressed in this meeting. The applicant must be the author or co-author of a symposium paper, but need not be the person who presents the paper. MRS membership is not a requirement, but to receive the award, the student must attend this meeting. Students who receive their degrees more than four months prior to the meeting are not eligible.

Procedure: Winners will be selected in two steps. First, a group of finalists will be identified based on the award application. All finalists will be notified by October 9, 1992. Second, all finalists must give ten-minute talks based on their symposium papers at a special student presentation session at the 1992 Fall Meeting in Boston on Tuesday, December 1, at noon. The names of the Graduate Student Award winners will be announced at the Awards Ceremony on Wednesday evening, December 2, 1992.

Registration fees for all finalists will be paid for the 1992 Fall Meeting, entitling them to membership in MRS for 1993.

Awards: Winners will receive a \$250 cash prize and a plaque.

Deadline: All application materials (INCLUDING A COPY OF YOUR ABSTRACT) must be received by MRS Headquarters by **August 28, 1992.**

For information and application forms, contact: Anne Wagner (GSA-B), Materials Research Society, 9800 McKnight Road, Pittsburgh, PA 15237; phone (412) 367-3003; fax (412) 367-4373.
