For free information about the products and services offered in this issue, fill out and mail the Reader Service Card, or FAX it to (312) 922-3165.

*Please visit us at the Equipment Exhibit, December 1-3, during the 1992 MRS Fall Meeting in Boston. See p. 89 in this issue for more information.

- atmospheres to 1500 psi
- Cz, Bridgman, and float zone models
- crucible diameters to 4"
- highly reliable systems
- hundreds in use worldwide

Whether your research involves III-Vs, II-VIs, superconductors, semiconductors, refractory metal alloys and oxides, opto-electronics, or other materials, we have a furnace to meet your needs.
