

Please take part in our survey..

The Materials Research Society, in a joint effort with the Institute for Scientific Information, will be conducting a survey of current members in order to learn more about your materials research information needs.

- Your answers and opinions will help shape future editorial and will also be used to develop new materials research information sources.
- The survey was mailed in May to all current Regular Members.
- To assure that YOUR needs are considered, please return your completed questionnaire to ISI as soon as possible.
- Results will be shared with the membership later this year.

If you are a Regular Member of MRS and have not received your survey by mid-June, please contact David Sours at MRS headquarters for a copy. Phone (412) 367-3003; fax (412) 367-4373.

...your opinion is valued!
