Development of ultrafine grained Al 7075 by cryogenic temperature large strain extrusion machining – CORRIGENDUM

Xiaolong Yin, Yunyun Pi, Di He, Jiayang Zhang, and Wenjun Deng

doi: <https://doi.org/10.1557/jmr.2018.313>, Published by Materials Research Society with Cambridge University Press, 20 September 2018.

In the original publication of Yin et al.,¹ author Di He was inadvertently omitted from the author list. The article has been updated to reflect the correct authorship. The authors apologize for this error.
