
POSTERMINARIES

An abstract, geometric pattern composed of various shades of blue and purple, creating a sense of depth and movement. The pattern consists of many overlapping, angular shapes that form a complex, crystalline structure. The colors transition from deep blue on the left to lighter, more ethereal purple and white on the right, with a bright, glowing point at the center where the lines converge.

Line defects birthing,
multiplying, entangling—
metals flow, strengthen.
