

MRS Seeks Nominations for 2010 Outstanding Young Investigator Award

www.mrs.org/oyi

The Materials Research Society is accepting nominations for the Outstanding Young Investigator (OYI) Award to be presented at the 2010 MRS Spring Meeting in San Francisco.

The OYI Award recognizes outstanding interdisciplinary scientific work in materials research by a scientist or engineer under the age of 36 (as of January 1,

2010). The award recipient must show exceptional promise as a developing leader in the materials area.

The award consists of a \$5,000 prize, a presentation trophy, and a citation certificate. Reasonable travel expenses to attend the MRS Meeting at which the award is presented and the meeting registration fee will be reimbursed.

The deadline for submission of nominations is midnight Eastern time (U.S.) on October 1, 2009. For guidelines and application forms, access the MRS Web site at www.mrs.org/oyi/ or contact Lorri Smiley, Materials Research Society, 506 Keystone Drive, Warrendale, PA 15086-7573, USA; e-mail awardsprogram@mrs.org.

MRS Seeks Nominations for 2010 Materials Research Society Fellows

www.mrs.org/fellows

The Materials Research Society seeks to recognize as "MRS Fellow" outstanding individuals who are notable for their sustained and distinguished contributions to the advancement of materials research. It is intended that, representing excellence in science and engineering, and dedica-

tion to the advancement of materials research, the MRS Fellows will collectively exemplify the highest ideals of accomplishment and service embodied in the MRS Mission.

Nomination is open to any MRS Member in good standing, whose mem-

bership has been continuous for at least five years preceding receipt of the nomination. MRS Fellow is a lifetime appointment.

The deadline for submission of nominations is October 1, 2009. To submit a nomination, go to Web site www.mrs.org/fellows. 

Welcome to Stockholm, Sweden 19-20 October 2009

International top scientists will come to Stockholm for a unique international meeting on future energy options. Energy 2050 is arranged by the Royal Swedish Academy of Sciences in association with the Swedish EU presidency in autumn 2009.

TOPICS OF SPECIAL INTEREST:

- CO₂ removal from the atmosphere
- Transforming CO₂ into fuels
- Efficient energy usage
- Fuel options for the transport sector
- Wind, Wave, Solar
- New nuclear energy

For scientists, industrialists, policy- and decision-makers, teachers, media.

For more information and registration see
www.energy2050.se

The Royal Swedish Academy of Sciences has as its main aim to promote the sciences and strengthen their influence in society.
