The Acknowledgements section was inadvertently omitted from this article; it appears in its entirety below.

Acknowledgements This study was funded by the Ontario HIV Treatment Network. This study was also supported by ICES, which is funded by an annual grant from the Ontario Ministry of Health and Long-Term Care (MOHLTC). We acknowledge the Ontario Ministry of Community Safety and Correctional Services (MCSCS), which provided data for the study, and we appreciate the contributions of Mr. Michael Kirk to the study. The analyses, opinions, results, and conclusions reported in this paper are those of the authors, and no endorsement by the Ontario HIV Treatment Network, ICES, the MOHLTC, or the MCSCS is intended or should be inferred.

Parts of this material are based on data and/or information compiled and provided by the Canadian Institute for Health Information (CIHI). However, the analyses, conclusions, opinions, and statements expressed in the material are those of the authors, and not necessarily those of CIHI.

TA is supported by a New Investigator Award from the Canadian Institutes of Health Research (CIHR) and a Clinician Investigator Award from the University of Toronto Department of Family and Community Medicine. CK is supported by a New Investigator Award from CIHR.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
