ERRATUM

In the November 1985 issue of *Demography*, an equation in Robert Michael and Nancy Tuma's article, "Entry into marriage and parenthood by young men and women," has a wrong sign. The equation, appearing on page 521, should read:

$$P(t) = 1 - \exp[- \int_0^t r(u)du].$$

The error was pointed out by one of our readers, A.I. Abdelrahman, and has been confirmed by Professor Tuma.

Page Charge. The Population Association of America urgently requests that a page charge of \$20 per printed page for articles published in *Demography* be paid by the institution or granting agency supporting the research. Payment of this page charge is not a prerequisite for publication, nor is the author expected to pay these charges himself or herself. The author (or the senior author) will receive 100 free reprints, without covers, if the charge is honored. Detailed instructions will accompany the galley proofs.
