Received 12 September 2011; Accepted 16 September 2011

Abstract: The original version of the article was published in Cent. Eur. J. Chem. 9(6) (2011), pp 1019-1026. Unfortunately, the original version of this article contains mistakes in the body of Fig. 1. Here we display the corrected version of the Fig. 1.

Keywords: Solid phase extraction • Molecular recognition technology • Non-destructive • Selective separation • Aqueous system
