Editorial

ACKNOWLEDGMENTS

On behalf of the Editorial Board we would like to thank Professor Stanisław Lasocki who is stepping down as Editor-in-Chief of *Acta Geophysica*. Particularly let us express our appreciation for his generous donation of time and effort in preparation of four volumes. His contribution to the journal over the last few years is highly valued and we are pleased to have his ongoing support as an Associate Editor dealing with Triggered and Induced Seismicity.

Special thanks are also due to Mrs. Maria Wernik, the Managing Editor for many years, who performed her duties with unusual diligence and devotion. Having retired from this position, she is still with us, serving with her experience to keep the high editorial standard of *Acta Geophysica*.
