Erratum to: Learn Behav
DOI 10.3758/s13420-013-0112-z

There was an sign error in Equation 5, which appeared as:

$$\Delta u_j = \frac{1}{\tau} \left(u_j - \left(\frac{1}{N} \sum_{i=1}^N S_i w_{ij}^I - \frac{1}{M} \sum_{k=1}^M r(u_k) w_{kj}^L \right) \right)$$

The equation should have read:

$$\Delta u_j = \frac{1}{\tau} \left(-u_j + \left(\frac{1}{N} \sum_{i=1}^N S_i w_{ij}^I - \frac{1}{M} \sum_{k=1}^M r(u_k) w_{kj}^L \right) \right)$$

The simulations in the paper used the correct signs, so that the simulated results and conclusions remain the same.

The online version of the original article can be found at <http://dx.doi.org/10.3758/s13420-013-0112-z>.
