

ERRATUM

Lappin, J. S., & Staller, J. D. Prior knowledge does not facilitate the perceptual organization of dynamic random-dot patterns (*Perception & Psychophysics*, 1981, 29, 445-456)—Equation 1, on page 446, should correctly read:

$$d'_n = \left\{ \ln \left[\frac{\exp(d_i'^2) + n - 1}{n} \right] \right\}^{1/2} \quad (1)$$
