

Notices and Announcements

Nominations for the Editorship of *Animal Learning & Behavior*

Nominations are solicited for the editorship of *Animal Learning & Behavior*. The term of the present editor, Russell M. Church, expires at the end of 1988. The new editor will begin to receive manuscripts in 1988, with an official 4-year term to begin January 1, 1989. Nominations must be submitted by March 1, 1987.

Nominations (including self-nominations) should be sent to:

Donald Blough
Chair, AL&B Search Committee
Department of Psychology
Brown University
Providence, RI 02912

Proceedings of the Scott N. Reger Memorial Conference *Sensorineural Hearing Loss: Mechanisms, Diagnosis, Treatment* M. J. Collins, T. J. Glatke, and L. A. Harker, Editors

This volume contains 22 papers presented at the Scott N. Reger Memorial Conference held in Iowa City, Iowa, in 1984. The topics were chosen with a view toward interests that Scott Reger had in hearing loss, and they include anatomic, physiologic, and psychoacoustic correlates of hearing loss, innovative approaches to the medical and nonmedical treatment of hearing loss, and some new looks at old data.

It is anticipated that this book will be a valuable resource for advanced students and researchers, providing the reader with an update in key areas of inquiry related to sensorineural hearing loss.

The proceeds from the sale of the book will go toward the Scott N. Reger Scholarship Fund for support of research by residents in Otolaryngology and graduate students in Speech Pathology and Audiology at the University of Iowa.

Copies of the book are available at \$25.00 (including shipping and handling charges) from:

Campus Stores, GSB
University of Iowa
