The Publisher regrets that two erroneous values were introduced by the typesetter when performing proof corrections. The first error occurred in the second paragraph of the “Design” section of Experiment 1:

“ $p = .04$ ” should be “ $p = .4$ ”.

The second error occurred at the very end of the “Experiment 1” section in the “Appendix”:

“ $d_z = .010$ ” should be “ $d_z = 0.10$ ”.

The original article has been corrected.
