Figure 3 was submitted incorrectly. The corrections affected by our error are described as follows;

The time-lag t_0 (in the results and discussion) is affected by our error; the value (reported as 184 sec) should be corrected to 345 sec. The activation energy of the diffusivity (in the results and discussion and in the conclusion) is also affected by our error; the value (reported as 66.1 kJ/mol) should be corrected to 54.9 kJ/mol.
