Key Psychological Terms Related to Causality and Causation

Catalytic Variable

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Causal Connection

Reprinted from *Southern California Law Review*, 51 (1978a) 527–654; Crazy behavior, morals, and science: An analysis of mental health law. Morse, S. *Professional Psychology*, 9 (1978b) 389–399; Law and mental health professionals: The limits of expertise. Morse, S. © Kluwer Academic/Plenum Publishers, New York, 233 Spring Street, New York, 10013. With kind permission from Springer Science and Business Media.

Causal Discontinuity

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Causal Latency

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders With permission of author Stephen Haynes.

Causal Mechanism

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Causal Model

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Causal Variable

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Causality

Copyright 2002 from *The dictionary of psychology*; Corsini, R. J. Reproduced by permission of Routledge/Taylor & Francis Group, LLC.

Causation and Correlation

Copyright 2002 from *The dictionary of psychology*; Corsini, R. J. Reproduced by permission of Routledge/Taylor & Francis Group, LLC.

Multiple Causation

Reprinted from Reber, A. S., & Reber, E. S. (2001). *The Penguin dictionary of psychology* (3rd ed.). With permission of Arthur S. Reber and Penguin Group.

Simple Causation

Reprinted from Reber, A. S., & Reber, E. S. (2001). *The Penguin dictionary of psychology* (3rd ed.). With permission of Arthur S. Reber and Penguin Group.

Cause

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders With permission of author Stephen Haynes.

Efficient Cause

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders With permission of author Stephen Haynes.

False Cause

Reprinted from *Handbook of forensic neuropsychology* A. M. Horton Jr. & L. C. Hartlage (Eds.). (2003). pp. 113–136. Diagnostic decision making in neuropsychology; Williams, A. D. © Kluwer Academic/Plenum Publishers, New York, 233 Spring Street, New York, 10013. With kind permission from Springer Science and Business Media.

Latent Cause

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Intermediate Effect

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Maintaining Cause

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Original Cause

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Triggering Cause

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Determinant

Reprinted from Reber, A. S., & Reber, E. S. (2001). *The Penguin dictionary of psychology* (3rd ed.). With permission of Arthur S. Reber and Penguin Group.

Functional Relationship

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Mediating Variable

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Necessary Condition

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Necessary Causal Variable

Reprinted from Haynes, S. N. (1992). Models of causality in psychopathology: Toward dynamic, synthetic and nonlinear models of behavior disorders. With permission of author Stephen Haynes.

Proximate Cause
