- Tibial anterior muscle, anatomy of, 372–373
- Tibial anterior tendon
 anatomy of, 368, 372–373
 injuries to, 387–388
- Tibial collateral ligament. *See* Medial collateral (deltoid) ligament
- Tibialis anterior muscle, weakness of, 137
- Tibialis anterior tendon, injuries to, 418
- Tibial nerve, posterior, compression or entrapment of, 404–405
- Tibial plateau, lateral, Segond fractures of, 106
- Tibial posterior tendon
 anatomy of, 368, 369–370, 371
 injuries/dysfunction of, 377–381, 396
- Tibial shaft, stress fractures of, 102
- Tibial spine, avulsion fractures of, 105–106
- Tibial tendon, posterior, intraoperative rupture of, 406
- Tibiofibular ligaments
 anterior inferior, in ankle sprains, 395
 posterior inferior, in ankle sprains, 395
- Tibiofibular syndesmotic complex
 anatomy of, 389
 injury to, 395
- Torg ratio, 141, 143
- Trabecular bone, microfractures of, 398
- Transverse (Coopers') ligament, 204, 273
- Trapezium ridge, fractures of, 225
- Trapezium bone, anatomy of, 221
- Trapezoid bone, anatomy of, 221
- Trendelenburg gait, 137
- Triangular fibrocartilage complex
 anatomy of, 221, 222
 degeneration of, 229
 function of, 221, 223
 injuries to, 228–229, 237, 239
- Triceps surae muscle, strain injuries to, 9–12
- Triceps tendon
 rupture of, 203
 “snapping triceps syndrome” of, 204
- Triquetrum bone, anatomy of, 222
- Triquetrum bone
 anatomy of, 222
 impaction injuries to, 238
- T-sign, 205
- Tumors
 as back pain cause, 135
 of the hand and fingers, 255–260, 256–260
 bone tumors, 257–258
 soft tissue tumors, 258–260
 “Turf toe,” 413, 415
- U**
- Ulna bone
 chondromalacia of, 229
 stress fractures of, 103
- Ulnar bursa, anatomy of, 221
- Ulnar collateral ligament complex
 anatomy and function of, 204
 injuries to, 205, 206, 207, 249–250, 268–269
- Ulnar impact syndrome, 229, 231
- Ulnar nerve
 anatomy of, 210
 branches of, 247
 in Guyon's canal syndrome, 232, 233
 neuropathy of, 211–212
 in snapping hip syndrome, 204
- Ultrasound, 1
 comparison with magnetic resonance imaging, 2
 disadvantages of, 1–2
 indications for, 1
 of rhabdomyolysis, 28
 of rotator cuff, 188
 therapeutic, as muscle strain treatment, 25
- Upper extremity. *See also* Hand and fingers; Wrist
 muscle compartments of, 3
 stress fractures of, 103
- Upper motor neuron syndrome, 137
- Urine
 alkalization of, as rhabdomyolysis treatment, 28
 dark-colored, 27, 28
- V**
- Valgus extension overload syndrome, 209–210
- Valgus injuries, to the knee, 84, 85, 87
- Varus injuries, to the knee, 84–85, 86
- Vastus intermedius muscle, contusions to, 15
- Vertebrae
 cervical, fractures of, 119–120
 limbus, 126, 127
 lower lumbar, fractures of, 124
- Vertebral artery insufficiency, 136
- Vertebral bodies
 anterior, infections of, 131
 C1 and C2, injuries to, 118–119
 compression fractures of, 144
 metastatic disease of, 129–130
- Volar plate injuries, 266, 267
- V sign, 236
- W**
- Western Ontario and McMaster Universities Osteoarthritis Index (WOMAC), 67
- “Whiplash” injury/syndrome, 117, 139, 141–142
- Wilson's sign, 67, 69

- Wrist, 221–240
 anatomy of, 221–224
 carpal bone fractures of, 224–225, 237–238
 carpal instability in
 dissociative (CID), 227
 dorsal intercalated carpal instability (DISI), 226, 227, 228, 236
 nondissociative (NCID), 227–228
 volar intercalated carpal instability (VISI), 226, 227
 carpal tunnel syndrome of, 232–233
 de Quervain’s tenosynovitis of, 233
 extensor carpi ulnaris tendinosis and tenosynovitis of, 233, 234
 ganglion cysts of, 235, 258
 Guyon’s canal syndrome of, 232–233
 instability of, 226
 intersection syndrome of, 233, 235, 234–233
 Kienböck’s disease (lunatomalacia) of, 229, 232
 lunotriquetral interosseous ligament tears in, 226–227, 229
 magnetic resonance imaging techniques for, 224
 muscle variations in, 4
 perilunate fracture-dislocation of, 236, 237
 scaphoid fractures of, 224–225, 237–238
 scapholunate advanced collapse (SLAC) of, 227, 228, 236
 scapholunate interosseous ligament tears in, 226–227, 228, 236
 sprains of, 236, 237
 triangular fibrocartilage injuries to, 228–229, 237, 239
 ulnar impact syndrome of, 229, 231
 “Wry neck,” 142
- X**
Xanthoma, of the Achilles tendon, 377
X-rays, for back pain evaluation, 139
- Z**
Z-line streaming, 29
