The U.S. Small Business Administration's Office of Advocacy was created by an act of Congress in 1976 to protect, strengthen and effectively represent the nation's small businesses within the federal government's rulemaking processes. As part of this mandate, the office conducts policy studies on issues of concern to small businesses and also compiles and publishes data on small businesses' characteristics and contributions.

For instant access to small business resources, statistics and research visit the Office of Advocacy's home page at <http://www.sba.gov/ADVO/stats/>. Or call the office at (202) 205-6533.

If you would like to be included on our economic research mailing list, please complete the form below and mail it to:
