

INDEX

- Analytical Engine, 22, 23
Artificial intelligence
 contributions of, 133, 134
Brain metaphor, 25, 26, 27
Cognition
 and literacy, 18, 275, 276, 277
Cognitive Education Project (CEP)
 300, 301, 302, 305, 306, 307,
 308, 309, 310
 Instrumental Enrichment (IE),
 297, 298, 299
Cognitive learning, 78, 79
 implications, 79, 80
Cognitive mediation, 107, 108,
 109, 110, 120, 121
 traces of, 111, 112, 113, 114,
 115, 116
Cognitive operation, 91, 92, 93
Computer-guided diagnosis, 203,
 204, 205, 206, 209
Computer metaphor, 21
Content of learning, 88, 89, 90
Cues, 95, 96, 97, 98
Decoding words
 ACT* model, 162, 163, 164, 165
 cognitive aspects, 158, 159
 dual-route models, 160, 161
 parallel distributed pro-
 cessing models, 166,
 167, 168
Intelligent computer assisted
 instruction (ICAI), 131,
 132, 133
 architecture of, 134, 135, 136,
 137, 138, 139, 140, 141, 142,
 143, 145, 146, 147, 148
 implications for education, 150,
 151
 Implications for research, 151
Knowledge base and representa-
 tion, 17, 77
Language across the curriculum, 270,
 271, 273, 274
 demands of subject learning, 280,
 281, 282
Lateralization, 37, 38
Literacy
 common essential learning, 272
 consequences of, 63, 64, 65
 definition, 55, 56, 57, 58, 59, 60,
 61, 62
 development of, 7
 hypothesis, 4
 role of teachers, 278, 279, 280
McLuhan hypothesis, 6
Mental state terms, 9
Neuroscience
 nature of, 34, 35, 36, 37, 45, 46
 in education, 46, 47
Process-product methodology, 99,
 100, 101
 nearly ideal experiment, 102, 103,
 104, 105
Schooling and non-schooling
 cognitive processing, 227, 228,
 229, 230
 Piagetian tasks, 222, 223, 224
 recall, 231, 232, 233
 syllogistic reasoning, 234, 235,
 236
Scientific literacy
 education, 249, 250, 251, 252
 social impact assessment (SIA), 246
Strategic Program for Effective
 Learning/Thinking (SPELT)
 characteristics, 290, 292, 293
 methodology, 294, 295
 training, 295, 296
Technological literacy
 instruction implications, 263, 264,
 265, 266
 meaning of, 256, 257, 258

Technological literacy (continued)
 social change, 261, 262, 263
 technological knowledge, 258, 259,
 260
Text
 talking about, 8
Text-to-speech conversion, 24
 computer system, 191, 192
 DEctalk, 196, 197, 198
 intelligibility, 192, 193, 194, 195
TEXTWINDOW system, 173, 174, 175
 linguistic factors, 179, 180, 181,
 182
 speed of reference, 182, 183
 sources of oral reading errors,
 183, 184
 visual-perceptual factors, 177, 178
