■ A

Administration interfaces

- blocks, 16
- configuration link, 17
- content administration, 12
- menu bar, 11
- menus, 16
- modules, 12
- Page content types, 14–16
- reports, 18
- taxonomy, 17
- themes, 12
- user accounts, 12
- views, 17

API documentation, 85

■ B

Backdrop, 1, 5

- affordability, 1
- core principles, 2–3
- database configuration parameters, 8
- database creation, 6
- differences (Drupal), 3–4
- directory, 6
- download package, 6
- file and directory structure
 - differences, 10
- file permissions, 7
- home page, 10
- installation, 5–10
- organization goals, 1
- site information, 9
- system requirements, 5

views, 17

- web-based/command-line tools, 7

Backdrop administrative interface, 19

- Bootstrap lite theme, 22
- contribution, 19
- GitHub, 20
- them download, 19–22
- YouTube field module, 21

Backdrop configuration

management

- admin interface, 29–30
- APIs, 28
- configuration options, 35–37
- default setting file, 35
- Honeypot configuration form, 32
- JSON notation, 28
- stored values, 34
- stores configuration
 - values, 27
- submit handler, 30–34

Backdrop core

- automation, 80–81
- clean up command, 81
- commit message, 82
- Contrib branches, 83
- Contrib maintainer, 83
- Contrib release, 83
- contributed projects, 82
- contributor, 80
- create module/theme, 82
- fork creation, 79
- GitHub, 79
- pull request, 79
- text editor, 81

Backdrop Issue queue, 85

■ **C**

- Custom layouts
 - assigning elements, 50
 - configuration, 52
 - creation, 47–48
 - .css file, 57
 - custom block creation, 51
 - home page, 53
 - .info file, 55
 - layout completion, 52
 - list of, 51
 - standard layout, 50
 - structural layout, 55
 - template, 55
 - .tpl.php files, 56
 - .tpl.php files, 56
 - visibility condition button, 48

■ **D, E**

- Drupal 6 site
 - evaluation, 71
 - update contributed modules, 74
- Drupal 7
 - migration to, 75
 - preparing site, 72
 - reports, 18
- Drupal compatibility mode, 37
- Drupal site, 3–4

■ **F**

- Facebook, 85

■ **G**

- Google Hangouts, 85

■ **H**

- honeypot_admin_form() function, 29
- Honeypot module
 - APIs and functions, 27
 - Backdrop port issue, 23
 - cloning, 24
 - configuration interface, 26

- Drupal 7 module, 23
- .info file update, 25–26
- organization, 26

■ **I, J, K**

- .info file, 55
- IRC channel, 85

■ **L**

- Layout module, 45
 - change, 58
 - column layout, 47
 - custom layouts *see* (Custom layouts)
 - default administrative layout, 45
 - edit link section, 46
 - radix layouts, 54

■ **M**

- Migration of Backdrop conversion
 - check views, 69
 - CMS platforms, 69
 - contrib projects, 69
 - contributed theme, 68
 - Drupal site
 - back up, 65
 - changing theme, 65
 - contributed modules, 60
 - custom modules, 60
 - disabling modules, 64
 - evaluation, 59
 - layout module, 61
 - theme, 60
 - Token module, 64
 - update, 61
 - update contributed modules, 63
 - installation, 65
 - layout module, 68
- Modules-Backdrop conversion, 23
- community's contributions, 38
- configuration management *see* (Backdrop configuration management)
- Drupal compatibility mode, 37
- Honeypot module, 23, 25

■ **N, O**

node.tpl.php file, 42

■ **P, Q**

page.tpl.php, 41

Porting themes, 39

- Bluemarine theme, 43

- default link, 44

- Drupal comments, 41

- elements, 40

- .info file, 39–40

- node.tpl.php, 42

- page.tpl.php, 41

- process_hook() functions, 40

- referencing variables, 40

- root directory, 39

- templates, 41

- process_hook() functions, 40
