

## Author Curricula

### **Stefan Bechtold**

Fellow of the Center for Internet and Society at Stanford Law School.

Law studies at the University of Tübingen. Subsequently research assistant at the University of Tübingen and visiting scholar at the Law School of the University of California at Berkeley. In 2001 doctorate at the University of Tübingen and subsequently study visit to Stanford University (JSM degree).

### **Jean-Claude Burgelman**

Head researcher of the ICT Unit of the IPTS in Seville.

Master in science and technology dynamics and doctorate in social sciences at the Free University of Brussels. He is Professor of Communication Technology Policy at the Free University of Brussels and was founder and head of the research centre SMIT (Studies on Media Information and Telecommunications).

### **Stephen Coleman**

Since November 2002 Professor of E-Democracy at the Oxford Internet Institute of the University of Oxford.

Head of studies of the Hansard Society and head of the E-democracy Programme. Lecturer in Media and Citizenship at the London School of Economics and Political Science. Cabinet adviser for e-democracy. He is a member of the board and consultant for yougov.com, as well as international consultant for the OneWorld Foundation.

### **Benjamin M. Compaine**

Research consultant of the MIT Program on Internet and Telecom Convergence.

Studies at Dickson College and at Harvard University (M.B.A.), Ph.D. from Temple University. From 1979-86 he was executive director of the Program on Information Resources Policy at Harvard University and from 1986-94 chief executive officer of Nova Systems, Inc. He was Professor for Telecommunications at Temple University from 1994-97 (founder and chairman of the Center for Information Industry Research). From 1997-98 he was Senior Research Professor for Communication at Pennsylvania State University.

**Hardy Dreier**

Since November 1999 research fellow at the Hans Bredow Institute in Hamburg.

Studies in journalism, politics and librarianship at the Free University of Berlin. From 1994-99 he was research assistant in economics and mass communication at the Institute of Journalism and Communication Science of the Free University of Berlin.

**Ken Ducatel/Marc Bogdanowicz/Fabiana Scapolo/Jos Leijten/Jean-Claude Burgelman** Members of the Futures Projects and the ICT Unit of the Institute for Prospective Technological Studies (IPTS) of the Joint Research Centre of the European Commission.

**Valerie Feldmann**

Since 2004 Associate with McKinsey & Company in New York.

Studies in business management, media communications, cultural anthropology and music science at the University of Münster. In 2003, doctorate at the Free University Berlin. 2001-03 lecturer at the Free University Berlin. Affiliated Researcher at the Columbia Institute for Tele-Information (CITI), Columbia University, New York.

**Siegfried Frey**

Since 1985 Professor of Communication and Media Psychology and head of the Laboratory of Interaction Research at the Gerhard Mercator University of Duisburg.

Previously at the Max Planck Institute for Psychiatry in Munich (1966-71), at the University of California, San Francisco (1971-73), and at the University of Bern (1974-85). Directeur d'Études at the École des Hautes Études en Sciences Sociales (E.H.E.S.S.), Paris, ongoing since 1982.

**Valerie Frissen**

Since 1999 head researcher and consultant of the Dutch research organisation TNO.

Studies in communication sciences and doctorate in social sciences (1992) at the University of Nijmegen. Subsequently lecturer and researcher at the University of Amsterdam, Faculty of Communication Sciences and Communication Research.

### **Jeffrey Funk**

Since April 1996 Associate Professor at Kobe University, Japan.

Studies in mechanical engineering / engineering and public policy at Carnegie Mellon University, USA. Doctorate in engineering and public policy at Carnegie Mellon University, USA. Assistant Professor of Business Management at Pennsylvania State University, USA, and visiting assistant research scientist, industrial and operations engineering, at the University of Michigan, USA.

### **Hans Geser**

Since autumn 1986 Extraordinary Professor at the University of Zurich, Switzerland.

Studies in sociology, social psychology and economics at the University of Zurich. Doctoral dissertation (1975) and postdoctoral thesis (habilitation, 1979) in sociology at the same university. From 1983-86 Professor of Sociology at Heidelberg. Head of a major research association as part of the national programme of selective measures “Demain La Suisse.”

### **Berthold H. Hass**

Since 2003 Junior Professor of Business Management (esp. New Media) at the Institute for Management of the University of Koblenz-Landau.

Studies in business management and economics at the Humboldt University of Berlin and the École des Hautes Études Commerciales Lausanne (Diploma in Commerce 1998). Doctorate (2002) at the Ludwig-Maximilian University of Munich with a dissertation on the business models of media enterprises.

### **Dominik K. Heger**

Since 2000 research assistant to the chair of Prof. Dr. Dres. h.c. Arnold Picot, Ludwig-Maximilian University of Munich, and from 2000–2004 Managing Editor of the European Communication Council.

In 2003, doctorate at the Ludwig-Maximilian University of Munich.

### **Thomas Hess**

Since October 2001 Chairman of the Institute for Business Informatics and New Media at the Ludwig-Maximilian University of Munich.

Studies in business informatics at the Technical University of Darmstadt, doctorate at the Institute for Business Informatics at the University of St. Gallen, and postdoctoral thesis (habilitation) in business management at the University of Göttingen.

**William Lehr**

Research consultant of the MIT Program on Internet and Telecom Convergence, research scholar at Columbia University's Graduate School of Business, and research associate at the Columbia Institute for Tele-Information.

Obtained a doctorate at Stanford University and an M.B.A. at Graduate School. Also has an M.S.E., B.S. and B.A. degree from the University of Pennsylvania.

**Friedemann Mattern**

Since 1999 Professor of Computer Science at the ETH Zurich (Federal Institute of Technology), Department of Distributed Systems.

Studies in computer science at the University of Bonn. From 1983-89 research assistant in the Department of Computer Science at the University of Kaiserslautern. Ph.D. in 1989, and from 1989-91 assistant lecturer in the same department. Professor of Practical Computer Science at Saarland University in Saarbrücken from 1991-1994, and Professor of Practical Computer Science and Distributed Systems at Darmstadt University of Technology from 1994-1999.

**Lee W. McKnight**

Associate Professor at the School of Information Studies of Syracuse University, New York.

Gained his Ph.D. in political science at MIT, has an M.A. degree from the Johns Hopkins University and a B.A. from Tufts University. He is also Director of the Murrow Center, founder of the MIT Internet Telephony Consortium, and President of Marengo Research. Until 2002 he was Associate Professor of International Communications at the Fletcher School of Tufts University in Massachusetts.

**John Pavlik**

Professor of Journalism and Mass Media at Rutgers University, New Jersey.

M.A. and Ph.D. from the University of Minnesota, and B.A. from the University of Wisconsin-Madison, USA. Faculty Research Fellow of the Columbia Institute for Tele-Information (CITI), Columbia University, and Faculty Associate of the Institute for Learning Technologies, Teachers College. Until 2002 he was Professor and Director of the Center for New Media, Columbia School of Journalism.

### **Arnold Picot**

Since 1988 Chairman of the Institute for Information, Organisation and Management at the Ludwig-Maximilian University of Munich.

Doctorate and postdoctoral thesis (habilitation) at the Ludwig-Maximilian University of Munich. Subsequently assumed the Chair of Business Management at the University of Hanover. From 1984-87 held the Chair of General and Industrial Business Management at the Technical University of Munich. He is Chairman of the Board of the Münchner Kreis, a member of various research advisory committees, boards and commissions, as well as the (co-)editor of numerous journals, series and publications.

### **Klaus Schrape (1946–2001)**

Director of Prognos AG, Basel, and head of the Media and Communication Department. Professor of Sociology and Media Science at the University of Basel.

Studies in sociology, psychology, economics and statistics at the Universities of Kiel and of Basel (doctorate in 1977). As a member of Prognos AG, the author of numerous studies for private and public institutions in Germany and Switzerland: e.g. *Digitales Fernsehen: Marktchancen und ordnungspolitischer Regelungsbedarf* (Munich, 1995) and *Künftige Entwicklung des Medien- und Kommunikationssektors in Deutschland* (in conjunction with DIW, Berlin 1996).

### **Hannes Siegrist**

Since 1997 Professor of Comparative Cultural History / Modern Europe at the Institute of Cultural Studies, University of Leipzig.

Studies in general history, sociology, German literature and journalism at the University of Zurich. In 1976 doctorate at the University of Zurich. In 1992 postdoctoral thesis (habilitation) at the Free University of Berlin (on recent and very recent history). From 1976-96 research and teaching activity at universities and research centres in Zurich, Bielefeld, Berlin, Florence, Uppsala and Budapest.

### **Roger Silverstone**

Professor of Media and Communications and Director of the Interdepartmental Programme in Media and Communications at the London School of Economics and Political Science.

Studies in geography and sociology at Balliol College, Oxford, and the London School of Economics and Political Science (B.A., 1966; M.A., 1979;

Ph.D., 1980). Numerous research projects for European and British institutions in the field of media and communication technologies.

#### **Ilkka Tuomi**

Since 2002 visiting scientist at the Institute for Prospective Technological Studies, Joint Research Centre in Seville.

Studied theoretical physics and obtained his doctorate in education at the University of Helsinki. From 1987-2001 he worked for the Nokia Research Center, and from 1999-2001 was visiting researcher at the University of California, Berkeley.

#### **Martin Weber**

Head of the Technology Policy Unit at the Austrian research centre Seibersdorf GmbH.

Studies in process engineering at the TH Aachen and the University of Stuttgart. Studies in political science at the University of Stuttgart. From 1993-97 doctorate in the field of the economics of innovation. From 1996-2000 research assistant at the Institute for Prospective Technological Studies, Joint Research Centre of the European Commission, Seville.

#### **Axel Zerdick (1941–2003)**

From 1980 Professor of Economics and Communication at the Department of Media Economics and Media Management of the Free University Berlin.

Diploma in commerce in 1968, doctorate in 1970. Research and teaching activities at diverse universities at home and abroad, co-editor of various academic journals. From 1975 management and policy consultant in Europe and Japan. Involvement in founding various enterprises. From 1996 founder and speaker of the European Communication Council.
