

Index

A

ADC, [17](#)
Air traffic management, [47](#)
Assembly system, [21](#)
Autonomous guiding vehicles, [46](#)
Autonomous surface vehicle, [58](#)
Autonomous underwater vehicles, [55](#)

B

Bird tracking, [26](#)
Bird trajectories, [28](#)
Bridge fatigue, [15](#)

C

Closed-loop control, [34](#)
Common Buzzard, [26](#)
Cooperating objects
 definition, [1](#)
 design space, [6](#)
 integration, [3](#)
 introduction, [1](#)
 market, [99](#)
 survey, [112](#)
Cooperative industrial automation systems,
 [19](#)
Customization, [21](#)

D

Delay-tolerant network, [59](#)
Delay-tolerant networking, [29](#)
Deployment and management of cooperating objects, [13](#)
Deployment challenges, [13](#)
Deployment issues, [13](#)

E

Extended information filter, [65](#)

F

Factory automation, [19](#)
Fire monitoring, [36](#)
First response applications, [30](#)
Future factory, [19](#)

H

Harsh environments, [25](#)
Heterogeneity, [30](#)

I

IMC-AESOP, [19](#)
Integration, [34](#)

L

Laser guided vehicle, [41](#)
Light-weight bird tracking sensor nodes, [25](#)
Lighting, [34](#)
Link quality, [35](#)
Logistics, [20](#)

M

Management, [13](#)
Market, [99](#)
 application, [102](#)
 cooperating objects in healthcare applications, [108](#)
 deployment and management of cooperating objects, [102](#)
 mobility of cooperating objects, [107](#)

Market overview

see Market, 100

Middleware, 35

Monitoring railway bridges, 14

P

Portable GPS, 33

Public safety scenarios, 30

R

Railway bridges, 15

Real-world deployments, 13

Road tunnel monitoring and control, 34

Roadblocks, 113

S

Sensor data processing, 15

Service composition, 22

Service-oriented architectures, 19

SHM

see Structural health monitoring, 14

Signal strength indicator, 65

Single european sky ATM research, 50

SOA

see Service-oriented architectures, 19

SOCRADES, 19

Standard-based networking protocols, 32

Structural health monitoring, 14

Survey, 112

T

TeenyLIME, 35

Time-domain analysis, 18

U

Underwater communications, 54

Unmanned aerial systems, 63

Unmanned ground vehicles, 63
