

# Video Panorama Credits

As part of the 2012 edition of the Advances in Architectural Geometry conference, the organization committee and Aurélien Lemonier, curator at the Centre Pompidou, have curated a *Video Panorama* showing recent developments in Architectural Geometry and Computation, by Universities and Research Laboratories.

These Videos were projected in the *Forum* –1 of the Centre Pompidou from September 27 to September 30, 2012. The videos can be seen through the AAG 2012 website: [http://aag12.architecturalgeometry.at/?page\\_id=491](http://aag12.architecturalgeometry.at/?page_id=491).
