

Subject Index

a

advantages of extraperitoneal LRP 161

b

bladder cancer 103, 119

c

chemotherapy 193

comparison of approaches for LRP 161

cystectomy 119

e

extraperitoneal approach 161

extraperitoneal laparoscopy 209

f

functional results 148

g

gamma probe 209

h

hand-assisted retroperitoneoscopic
nephroureterectomy 91

k

kidney 15, 37, 70

l

laparoscopic cystectomy 119

laparoscopic radical prostatectomy 148,
161

laparoscopic surgical procedure 70

laparoscopy 3, 15, 91, 103, 119, 129, 175,
193

m

medical prostatectomy 175

minimally invasive surgery 15

n

nephroureterectomy 70

o

oncological results 148

operative modification 148

p

partial nephrectomy 15

percutaneous 37

port site metastasis 70

prostate 129

– cancer 175

prostatectomy 129, 175

r

radical cystectomy 103

radical nephrectomy 3
renal cell carcinoma 3, 15
retroperitoneal lymph node dissection
193, 209
retroperitoneoscopy 3
robot 119, 175
robot-assisted cystectomy 119
robotic assisted laparoscopy 175

s
sentinel lymph node 209

t
testicular cancer 193, 209
transitional cell 37
transitional cell carcinoma 57, 70, 91
transperitoneal approach 161, 193

u
upper urinary tract 37, 91
ureter 37
ureteroscopy 57
urinary diversion 103, 119
uro-oncologic surgery 119
