The following read various drafts of this book and commented helpfully: Peter Calvert, University of Southampton; Professor S. E. Finer, University of Manchester; Anthony Giddens, King's College, Cambridge; Helmuth Heisler, University College, Cardiff; Michael Hill, University of Reading; Professor L. B. Schapiro, London School of Economics; Paul Wilkinson, University College, Cardiff. At the Pall Mall Press, Derick Mirfin provided invaluable support and prompting and laboured manfully with the text. The staff of the British Museum, the British Library of Political and Economic Science, and the Inter-Library Loan section of the library of University College, Cardiff have been unfailingly efficient. Sally Albrow has met all the importunate demands that an author makes of his wife, as well as looking after three children. I am very grateful to all these people, and absolve them of any responsibility for what follows.
