Acknowledgements

No one but myself is to blame for any errors of fact or oddities of judgement in the following pages. However, I should like to record multifarious debts of gratitude to the following: Nigel Builder; Keith Carabine; James Epstein; Anita Newton; Shaie Selzer; John Whitley.

Special thanks are due to my wife, who not only gave her energy and patience to the typing of my script but bravely tolerated unpleasant moods into which the researching and writing of this book cast me.

I should also like to record my thanks to Mrs Elizabeth Dos Passos, who has been generous in granting permission to quote from her late husband's works.
