Contents

Acknowledgements	viii
1 Introduction	1
1.1 The structure of this book	1
1.2 How to use the course notes	1
1.3 How to use the multiple-choice and completion questions	1
1.4 How to use the structured questions	1
1.5 The content of the book and your syllabus	1
2 Coursework	4
2.1 Types of coursework	4
2.2 Choosing a topic for geographical enquiry	6
2.3 Collecting the data	10
2.4 Writing up the coursework	10
3 The Structure of the Earth	13
3.1 The earth's structure	13
3.2 The theory of plate tectonics	14
3.3 Folding and faulting	17
3.4 Vulcanicity, the formation of extrusive and intrusive features	18
3.5 Earthquakes	19
3.6 The effect on people of earthquakes and volcanoes	19
3.7 Structure of the earth examples	20
3.8 Questions and answers	21
4 Weather, Climate and Ecosystems	29
4.1 The elements of weather	29
4.2 Weather patterns	30
4.3 Climatic factors	32
4.4 Weather as a hazard	34
4.5 Ecosystems	35
4.6 Weather, climate and ecosystem examples	37
4.7 Questions and answers	37
5 Shaping the Earth	46
5.1 Earth-shaping processes	46
5.2 Running water, an agent of erosion	47
5.3 Processes in the drainage basin system	50
5.4 Variations in energy levels over time	52
5.5 The landforms of the river system	54

5.6	People and the drainage system	55
5.7	Shaping the earth examples	56
5.8	Questions and answers	57
6	Natural Resources	74
6.1	Types of resources	74
6.2	The distribution of natural resources and their exploitation and consumption	75
6.3	The threat to natural resources	76
6.4	Conservation of natural resources	78
6.5	Natural resources examples	79
6.6	Questions and answers	80
7	Population	87
7.1	Distribution and density	87
7.2	Factors determining the distribution and density of population	87
7.3	Overpopulation and underpopulation	88
7.4	Population growth	88
7.5	Factors determining death rates and birth rates	90
7.6	The process and effects of migration	91
7.7	Population characteristics	91
7.8	Population examples	92
7.9	Questions and answers	93
8	Settlement	102
8.1	Growth and decline of settlements	102
8.2	The distribution of settlement	103
8.3	Urban structure in the developed world	104
8.4	Urban structure in developing countries	106
8.5	Problems of urban areas and possible solutions	106
8.6	Problems of rural settlement	109
8.7	Settlement examples	109
8.8	Questions and answers	110
9	Development	120
9.1	Measuring development	120
9.2	Contrasts in development	121
9.3	Internal barriers to development	122
9.4	External barriers to development	123
9.5	Theories of development	125
9.6	Strategies for development	126
9.7	Inequalities in levels of development within a country	127
9.8	Development examples	129
9.9	Questions and answers	130
10	Transport	139
10.1	Characteristics and measurement of transport networks	139
10.2	Flows along networks	141
10.3	Modes of transport	142
10.4	The growth and decline of transport networks	143
10.5	Transport problems: causes and solutions	144
10.6	Transport examples	146
10.7	Questions and answers	147

11	Agriculture	157
11.1	Agriculture as a system	157
11.2	The decision-making process	159
11.3	Physical controls on the decision-making process	159
11.4	Social and political controls	161
11.5	Economic controls	162
11.6	Differences in agriculture between developed and developing countries	163
11.7	The effect of agriculture on the natural environment	164
11.8	Agriculture examples	165
11.9	Questions and answers	166
12	Secondary Industry	174
12.1	The characteristics of secondary industry	174
12.2	Industrial change and the decision-making process	175
12.3	Locational factors and the distribution of industry	177
12.4	Industrial pollution	178
12.5	Secondary industry examples	179
12.6	Questions and answers	180
13	Tertiary Industry	189
13.1	The characteristics of tertiary industry	189
13.2	The growth of tertiary industry	190
13.3	Location of tertiary industries	191
13.4	The tourist industry	191
13.5	Tertiary industry and the environment	193
13.6	Tertiary industry examples	194
13.7	Questions and answers	195
	Index	202

Acknowledgements

There are four examining groups in England, each with several constituent examining boards. Separate examining boards exist for Wales and Northern Ireland. The addresses of the boards responsible for GCSE Geography syllabuses are as follows:

London and East Anglian Group, The Lindens, Lexden Road, Colchester, Essex CO3 3RL

Midland Examining Group, Robins Wood House, Robins Wood Road, Aspley, Nottingham NG8 3NR

Northern Examining Association (NEA, A and B), 12 Harter Street, Manchester M1 6HL

Northern Examining Association (NEA, C and D), 31–33 Springfield Avenue, Harrogate HG1 2HW

Southern Examining Group (SEG A), 23–29 Marsh Street, Bristol BS1 4BP

Southern Examining Group (SEG B), Beloe House, 2–4 Mount Ephraim Road, Royal Tunbridge Wells, Kent TN1 1EU

Welsh Joint Education Committee, 245 Western Avenue, Cardiff CF5 2YX

Northern Ireland Schools Examinations Council, Beechill House, 42 Beechill Road, Belfast BT8 4RS

The author and publishers wish to thank the following who have kindly given permission for the use of copyright material:

East Anglian Examinations Board, Northern Ireland Schools Examinations Council and Southern Examining Group for questions from previously published examination papers; the *Oxford Times* for extracts from ‘M-way property boom predicted’ by Phil Taylor, 20.3.87; Oxford University Press for an illustration from *Development in the Third World* by Michael Morrish; Aerofilms (pages 81, 84, 85); British Rail (page 154); Cambridge University Collection (page 64); J. Allan Cash (page 113, cover: sand dunes in Death Valley, California); M. M. Kaunda (page 184, middle right); Macmillan Photo Records/Eastern Nigeria Information Service (page 184); Macmillan Photo Research/Northern Nigeria Information Service (page 184); Ministry of Local Government and Information, Nigeria (page 184); Ordnance Survey (final page).

Every effort has been made to trace all the copyright holders, but if any have been inadvertently overlooked the publishers will be pleased to make the necessary arrangements at the first opportunity.
