Church, Oxford

George Pitcher is a Professor of
Philosophy, Princeton University

The cover portrait of Gilbert Ryle is reproduced
with the kind permission of the President and
Fellows of Magdalen College, Oxford.

MODERN STUDIES IN PHILOSOPHY

Edited by Amelie Rorty

Modern Studies in Philosophy is a series of anthologies presenting contemporary interpretations and evaluations of the works of major philosophers. The editors have selected articles designed to show the systematic structure of the thought of these philosophers, and to reveal the relevance of their views to the problems of current interest. These volumes are intended to be contributions to contemporary debates as well as to the history of philosophy; they not only trace the origins of many problems important to modern philosophy, but also introduce major philosophers as interlocutors in current discussions.

Titles in the Series

- 3025 Hume. Edited by V. C. Chappell
- 3026 Descartes. Edited by Willis Doney
- 3027 Aristotle. Edited by J. M. E. Moravcsik

Chronological List of Published Writings 1927- 68 of Gilbert Ryle	461
Notes on Contributors	469

Gilbert Ryle's writings over the last forty years have established him as the most fertile British philosopher of the middle of the century. Few philosophers have been unaffected by his views and almost all have at some time made use of his extensive additions to the battery of philosophical tools. The essays in this volume, most of which were written specially for it, are eloquent evidence of the stimulus he continues to provide to fruitful explorations over a wide area of philosophical concerns.
