Some of the ideas contained in the book were incubated in earlier publications. The concepts discussed in Chapter 2 were originally developed in articles published in *Sociology*, vol. 22, no. 4, 1988, and the *British Journal of Social Work*, vol. 21, no. 1, 1991, and an earlier version of Chapter 4 appeared as 'Family structures and the moral politics of caring', *Sociological Review*, vol. 39, no. 4, 1991. I am grateful to Sage Publications for permission to reproduce Figure 4.1 from D. Olson and H. McCubbin, *Families: What Makes them Work*.

Encouragement to pursue the original idea behind this book came from Jo Campling and I am very grateful to her for the supervisory role she has fulfilled. My colleague Tony Clarke read and commented in detail on the first draft of the book. His critical comments were perceptive and helpful. Whilst he may not recognise fundamental changes in the final version in line with his advice, his observations were valued. Pam Rodger read the final draft and offered detailed comments on it of a substantive and stylistic nature. Her opinions are particularly appreciated.
