Contents

Acknowledgements	vii
Introduction: The brown trout (<i>Salmo trutta</i> L.): its origin, distribution and economic and scientific significance <i>J. L. Baglinière</i>	1
Part I. River trout	
1. Biology of the brown trout (<i>Salmo trutta</i> L.) in French rivers <i>G. Maisse and J. L. Baglinière</i>	15
2. The habitat of the brown trout (<i>Salmo trutta</i> L.) in water courses <i>J. Hauray, Dominique Ombredane and J. L. Baglinière</i>	37
3. Feeding strategy of the brown trout (<i>Salmo trutta</i> L.) in running water <i>A. Neveu</i>	91
4. Social organization and territoriality in brown trout juveniles during ontogeny <i>M. Héland</i>	115
Part II. Ecological plasticity and genetic diversity in trout	
1. Main characteristics of the biology of the trout (<i>Salmo trutta</i> L.) in Lake Léman (Lake Geneva) and some of its tributaries <i>A. Champigneulle, B. Buttiker, P. Durand and M. Melhaoui</i>	147
2. Sea trout (<i>Salmo trutta</i> L.) in Normandy and Picardy <i>G. Euzenat, Françoise Fournel and A. Richard</i>	175
3. Genetic diversity and the management of natural populations of brown trout <i>R. Guyomard</i>	205

Part III. The management of natural populations of brown trout

The management of natural populations of brown trout in France, analysed from an historical perspective (1669–1986)
M. Thibault 227

Conclusion: Current ideas on the biological basis for management of trout populations (*Salmo trutta* L.)
G. Maisse and J. L. Baglinière 277

Index 283

The colour illustration of brown trout habitats is facing page 42.

Acknowledgements

This book was conceived by the scientific committee of the Colloquium on Trout, organized from 6 to 8 September 1988 at the Centre du Paraclet (Conseil Supérieur de la Pêche) by INRA, the National Agronomic Research Institute (Physiology and Ecology of Fishes Station) and the Conseil Supérieur de la Pêche (French Bulletin of Fishing and Fish Culture). The colloquium was financed by SPRETIE (the Secrétariat de l'Etat à l'Environnement), the Conseil Supérieur de la Pêche and INRA. Other articles presented during this colloquium have been published in two editions of the Bulletin Français de Pêche et de Pisciculture (nos 318 and 319 and special Trout Colloquium edition).

The scientific committee consisted of: J. Allardi (CEMAGREF, Paris), J. Arrignon (Union Nationale des Fédérations de Pêche), J. L. Baglinière (INRA, Rennes), B. Buttiker (Conservatoire de la Faune, Switzerland), A. Champigneulle (INRA, Thonon-les-Bains), B. Chevassus (INRA, Paris), Y. Coté (Minister for Leisure, Hunting and Fishing, Québec), P. Dumont (Minister for Leisure, Hunting and Fishing), Françoise Fournel (CSP, Compiègne), M. Héland (INRA, St Pée/Nivelle), G. Maisse (INRA, Rennes), A. Neveu (INRA, Rennes), A. Nihouarn (CSP, Rennes), J. C. Phillipart (University of Liège, Belgium), A. Richard (CSP, Rennes), E. Vigneux (CSP, Paraclet).

We wish to thank all the people who, through their remarks and suggestions, helped to improve the quality of the articles presented in this book: J. Arrignon (Union Nationale des Fédérations de Pêche), P. Bergot (INRA, St Pée/Nivelle), B. Chevassus (INRA, Jouy-en-Josas), Brigitte Dasaigues (University of Paris I), P. Gaudin (University of Claude Bernard Lyon I), J. Y. Gautier (University of Rennes), J. Genermont (University of Paris South), D. Gerdeaux (INRA, Thonon-les-Bains), R. Guyomard (INRA, Jouy-en-Josas), M. Héland (INRA, St Pée/Nivelle), C. Lagier (University of Lyon II), P. Y. Lebail (INRA, Rennes), J. Lecomte (INRA, Jouy-en-Josas), A. Neveu (INRA, Rennes), Dominique Ombredane (INRA, Rennes), E. Prevost (INRA, Rennes), M. Thibault (INRA, Rennes).
