Molecular Evolution of Viruses – Past and Present

Evolution of Viruses by Acquisition of Cellular RNA and DNA

edited by

Yechiel Becker

Department of Molecular Virology
The Hebrew University of Jerusalem
Jerusalem, Israel

and

Gholamreza Darai

Institute of Medical Virology
Ruprecht-Karls University
Heidelberg, Germany

Virus Genes

Volume 21, Nos. 1/2, August 2000

Part A: Virus Genes Acquired to Evade the Host Immune Responses

Evolution of Viruses by Acquisition of Cellular RNA or DNA Nucleotide Sequences and Genes: An Introduction	<i>Yechiel Becker</i>	7
Immunomodulatory Functions Encoded by the E3 Transcription Unit of Adenoviruses	<i>Hans-Gerhard Burgert and Jürgen H. Blusch</i>	13
Immune Escape by Hepatitis B Viruses.	<i>U. Protzer and H. Schaller</i>	27
MHC Class I–Subversive Gene Functions of Cytomegalovirus and their Regulation by Interferons—an Intricate Balance.	<i>Christine Benz and Hartmut Hengel</i>	39

Part B: Acquisition of Cellular and Viral Genes by Herpes and Iridoviruses

Marek's Disease Herpesvirus Transforming Protein MEQ: a c-Jun Analogue with an Alternative Life Style.	<i>Juinn-Lin Liu and Hsing-Jien Kung</i>	51
Herpesvirus Homologues of Cellular Genes . . .	<i>Martin Raftery, Anke Müller and Günther Schönrich</i>	65
Iridovirus Homologues of Cellular Genes—Implications for the Molecular Evolution of Large DNA Viruses	<i>Christian A. Tidona and Gholamreza Darai</i>	77

Part C: Poxvirus Gene Homologues of Cellular Genes

Sequence and Functional Analysis of a Homolog of Interleukin-10 Encoded by the Parapoxvirus Orf Virus.	<i>Stephen B. Fleming, David M. Haig, Peter Nettleton, Hugh W. Reid, Catherine A. McCaughan, Lyn M. Wise and Andrew A. Mercer</i>	85
Myxoma Virus Expresses a TNF Receptor Homolog with two Distinct Functions.	<i>Xiaoming Xu, Piers Nash and Grant McFadden</i>	97
Poxvirus Homologues of Cellular Genes	<i>Joachim J. Bugert and G. Darai</i>	111
