

SECTION IV ADVANCES IN HARDWARE TECHNOLOGY

This section discusses the relative merits and cost effectiveness that are available when the most recent advances in hardware are used to deliver training to military personnel.

- Chapter 10: DVI and System Integration
Paul Noja, *GAJON Institute of Technology (IT)*
- Chapter 11: Virtual Reality: Its Potential Impact on Training
J. Michael Moshell, E.A. Smart, Richard Dunn-Roberts,
Brian Blau, and Curtis R. Lisle
*University of Central Florida Institute for
Simulation and Training (US)*
- Chapter 12: Odin
Dennis McBride, *Defense Advance Research Projects Agency (US)*
