Acknowledgments

The editors would like to thank a number of people who have been essential in making this book possible. At first, we are grateful to the Cluster of Excellence for bringing together such a wide range of scholars and themes and for encouraging publications that showcase senior scholars and young researchers who are at the start of their academic careers. For the editors, this has been a rewarding and challenging experience especially given the breadth of disciplines covered in this volume. Prof. Dr. Subrata Mitra and Prof. Dr. Rudolph Wagner were a source of great support in organizing the 2010 Annual Conference, which marked the inception of this volume. Moreover, we thank the editors of the series, Transcultural Studies, most of all Prof. Dr. Joseph Maran, Prof Dr. Axel Michaels and Prof. Dr. Barbara Mittler for accepting the manuscript and providing critical input. The same thanks go to the anonymous peer reviewers.

We are especially grateful to Ms. Gauri Parasher and Ms. Carolin Matjeka who worked hard at managing the manuscript through the long process of editing, formatting and proofreading. Finally, Dr. Andrea Hacker must be thanked for her enduring patience and the support from a dedicated team of copy editors. For the cover, UNESCO kindly allowed us to use a picture from their collection of World Heritage sites. The roof details from Chhatrapati Shivaji Terminus (formerly Victoria Terminus) in Mumbai, India, blend Victorian Neo-Gothic architecture with traditional Hindu and Muslim motifs, a style that has been described as Indo-Saracenic. To us, this captures motion and fluidity imbued even within structures set in stone.
