Acknowledgments

I would like to extend my heartfelt thanks and appreciation to everyone who believed in me and helped me accomplish this challenging research project. I would first like to thank Dr. Karen Adams, my dissertation committee chair and advisor, for her continuous guidance, kindness, and encouragement. I also extend a special thanks to the other members of my committee, Dr. Benjamin Broome and Dr. Matthew Prior.

Special recognition goes out to my friend Ahmed AlGumar, for his support and advice. I have been privileged to know him and to learn from his stellar business and management input through the journey this book has taken. Thanks are also extended to my friends Dalal Almubayei, Haifa AlHuwaiti, and Fatma AlOmani. Many thanks go in particular to Amr Makki for his support and encouragement. A special thanks also goes to Faisal AlRuwaished for his guidance and technical support and to Allison Turner for her insightful editorial contribution to this book.

My deepest gratitude goes to my family, Munirah AlAjlan, and to the Innovative Kuwait Co. and Global Phoenix managers and staff members. I have no words that can fully describe my appreciation to you. This research would quite simply be impossible without you. I thank you from the bottom of my heart.
