Contents

PHYTOPLANKTON

Preface: phytoplankton responses to human impacts at different scales

N. Salmaso · L. Naselli-Flores · L. Cerasino · G. Flaim · M. Tolotti · J. Padisák 1

Phytoplankton response to a changing climate

M. Winder · U. Sommer 5

Long-term trends and fine year-to-year tuning of phytoplankton in large lakes are ruled by eutrophication and atmospheric modes of variability

N. Salmaso · L. Cerasino 17

Deep living *Planktothrix rubescens* modulated by environmental constraints and climate forcing

M.T. Dokulil · K. Teubner 29

Resource ratio and human impact: how diatom assemblages in Lake Maggiore responded to oligotrophication and climatic variability

G. Morabito · A. Oggioni · M. Austoni 47

Temperature modulated effects of nutrients on phytoplankton changes in a mountain lake

M. Tolotti · H. Thies · U. Nickus · R. Psenner 61

Coupling high-resolution measurements to a three-dimensional lake model to assess the spatial and temporal dynamics of the cyanobacterium *Planktothrix rubescens* in a medium-sized lake

E. Carraro · N. Guyennon · D. Hamilton · L. Valsecchi · E.C. Manfredi · G. Viviano · F. Salerno · G. Tartari · D. Copetti 77

Mixotrophic phytoplankton is enhanced by UV radiation in a low altitude, P-limited Mediterranean lake

C. Rojo · G. Herrera · M.A. Rodrigo · M.J. Ortíz-Llorente · P. Carrillo 97

Sedimentation of phytoplankton: role of ambient conditions and life strategies of algae

Y.Z. Yacobi · I. Ostrovsky 111

Watershed land use types as drivers of freshwater phytoplankton structure

M. Katsiapi · A.D. Mazaris · E. Charalampous · M. Moustaka-Gouni 121

Catchment land use and trophic state impacts on phytoplankton composition: a case study from the Rotorua lakes' district, New Zealand

W.J. Paul · D.P. Hamilton · I. Ostrovsky · S.D. Miller · A. Zhang · K. Muraoka 133

Phytoplankton dynamics in permanent and temporary Mediterranean waters: is the game hard to play because of hydrological disturbance?

L. Naselli-Flores · R. Barone 147

Present-absent: a chronicle of the dinoflagellate *Peridinium gatunense* from Lake Kinneret

T. Zohary · A. Nishri · A. Sukenik 161

Bloom forming cyanobacterial complexes co-occurring in a subtropical large reservoir: validation of dominant eco-strategies

I. O'Farrell · F. Bordet · G. Chaparro 175

The habitat template of phytoplankton morphology-based functional groups

C. Kruk · A.M. Segura 191

Comparison of morpho-functional phytoplankton classifications in human-impacted shallow lakes with different stable states

I. Izaguirre · L. Allende · R. Escaray · J. Bustingorry · G. Pérez · G. Tell 203

Phytoplankton functional and morpho-functional approach in large floodplain rivers

I. Stanković · T. Vlahović · M. Gligora Udovič · G. Várbbíró · G. Borics 217

Phytoplankton functional groups as indicators of human impacts along the River Loire (France)

A. Abonyi · M. Leitão · A.M. Lançon · J. Padisák 233

Functional groups of phytoplankton shaping diversity of shallow lake ecosystems

G. Borics · B. Tóthmérész · B.A. Lukács · G. Várbbíró 251

Photosynthetic characteristics and physiological plasticity of an *Aphanizomenon flos-aquae* (Cyanobacteria, Nostocaceae) winter bloom in a deep oligo-mesotrophic lake (Lake Stechlin, Germany)

V. Úveges · K. Tapolczai · L. Krienitz · J. Padisák 263

The queer *Tetraëdron minimum* from Lake Kivu (Eastern Africa): is it a result of a human impact?

M.P. Stoyneva · J.-P. Descy · V. Balagué · P. Compère · M. Leitao · H. Sarmento 273

Changes in galactolipid composition of the cold freshwater dinoflagellate *Borghiella dodgei* in response to temperature

G. Flaim · U. Obertegger · G. Guella 285

Present state of the systematics of planktonic coccoid green algae of inland waters

L. Krienitz · C. Bock 295

An update to modern taxonomy (2011) of freshwater planktic heterocytous cyanobacteria

J. Komárek · J. Mareš 327

Biogeographically interesting planktonic Nostocales (Cyanobacteria) in the Czech Republic and their polyphasic evaluation resulting in taxonomic revisions of *Anabaena bergii* Ostenfeld 1908 (*Chrysoosporum* gen. nov.) and *A. tenericaulis* Nygaard 1949 (*Dolichospermum tenericaule* comb. nova)

E. Zapomělová · O. Skácelová · P. Pummann · R. Kopp · E. Janeček 353

Taxonomic and phylogenetic evaluation of *Limnothrix* strains (Oscillatoriales, Cyanobacteria) by adding *Limnothrix planktonica* strains isolated from central China

M. Zhu · G. Yu · X. Li · W. Tan · R. Li 367

Impairing the largest and most productive forest on our planet: how do human activities impact phytoplankton?

N. Salmaso · L. Naselli-Flores · J. Padisák 375
